# THE LOWCVP CONFERENCE 2012

"Low Carbon Road Transport: Moving to Maturity"

THURSDAY  
10 MAY 2012  
EXCEL LONDON

The 2012 LowCVP Annual Conference takes place alongside the EcoVelocity low carbon motor show. LowCVP delegates will receive a complimentary pass to visit EcoVelocity and its partner show Grand Designs. EcoVelocity 2012 will showcase the latest in cutting edge technology from the world's leading car manufacturers as well as providing the opportunity for test drives of the newest low carbon and electric vehicles.

## WHY ATTEND?

- Hear from leading speakers about the latest directions in policy and technology.

## LEARN ABOUT...

- The latest developments in international climate politics
- Government views on the road transport agenda
- Industry perspectives
- Parallel sessions on low carbon fleets (in collaboration with the BVRLA); on low carbon freight (with the RHA) and on the discrepancy between real world and test-cycle vehicle emissions (with the IMechE)
- The BIG Debate: Can UK road transport help to deliver the UK's Carbon Plan targets?
- Network with government officials and leading stakeholders
- Visit the EcoVelocity exhibition and test drive the latest low carbon vehicles.

## GUEST SPEAKERS

From l-r  
Jos Dings  
Paul Everitt  
Chas Hallett  
Prof Julia King
